Quick Insights

- Due Diligence is investigation to assess information's accuracy and reliability before deciding.
- Protects businesses and helps prevent future risks
- MeJuvante can be your trusted Partner

Due Diligence applied

- Businesses are vulnerable when it comes to the start-up phase, this is also the case when starting a subsidiary abroad
- Before outsourcing, it must be legally, professionally and technically examined which service items are offshore-capable
- Consultants, Accountants and Lawyers are the right professionals to ask for advice
- Simultaneous consideration of the current laws in accordance with the prevailing market conditions and the specific requirements of our clients
- Efficient adaptation to new regulations leading to optimized business processes.
- Significant risk mitigation through comprehensive legal compliance
- Establishing the Indian non-hub location to support your German hubs
- Services that are important for the fulfilment of your insurance tasks or in risk management must in principle remain at your EU location office
- Chapter 5, EU Directive 2016/680 sets out situations where data may be processed in third countries outside the EU
- With the maxim of fast identification, precise analysis and consequent implementation MeJuvante is ensuring compliance with all applicable laws

MeJuvante helps you succeed in this dynamic market by guiding and supporting your Company in complying with Due Diligence and the Law.
